THE PERFECT MATCH BETWEEN EXPLOSIVITY & TOUCH

FOR TOP, BLOCKERS & INTERMEDIATE PLAYERS

WHO WANT TO PERFORM
AND IMPROVE THEIR GAME

◇ PROJECT

◆ CONCEPT

It's DNA : gather in a single string qualities currently obtainable only when hybridizing 2 different strings.

It's 100% polyamide composition and its co-extruded structure bring a double benefit : the core absorbs harmful vibrations and provides great comfort and touch, while the outer skin generates incomparable energy to offer a powerful game!

HYBRID SERIES

A PURE HYBRID STRING

It is now possible to join monofilament of different conceptions on the same plan. The polyamide monofilament will offer more power and amplify the feeling for more comfort and tolerance to off-centering.
